[Spoken]

Strung out

[Sung]

When we started out

It was fun, so cool

Nothing really heavy

Just a little after school  
We were chasing dreams

And living for the day

Live was for the taking

It was such a simple game  
I don't know when

And I don't know why

Suddenly I lost you

And a part of you had died  
You've gone and taking it to far

I don't recognize who you are, you're...  
[CHORUS]

Strung out

You're wasting all our love away

I'm running out of words to say

Is there nothing getting through

'Cause I can barely see you

Strung out

Believing that there's nothing wrong

With everything the pain goes on

Tell me what they gonna say

When you shut yourself away  
It's a long way down

When you're flying high

No one's gonna catch you

When you've told too many lies  
It's hard for me

I'm not that brave

Please God help me now

While there's something left to say  
My premonitions are coming true

Just tell me babe, what you are trying to prove?

You're hurting me, breaking me

You still forsaking me

Why can't you see? You're...  
[CHORUS]

Strung out

You're wasting all our love away

I'm running out of words to say

Is there nothing getting through

'Cause I can barely see you

Strung out

Believing that there's nothing wrong

With everything the pain goes on

Tell me what they gonna say

When you shut yourself away  
Ooooooh, yeah

You're strung out, baby

Yes you are

Strung out, yeah  
Flowers on the grave

I'm calling your name

Ashes in the rain  
Uh, flowers on the grave

I'm calling your name, baby

Ashes in the rain

Yeah, yeah  
[CHORUS]

Strung out

You're wasting all our love away

I'm running out of words to say (Words to say, yeah)

Is there nothing getting through

'Cause I can barely see you

Strung out

Believing that there's nothing wrong

With everything the pain goes on (The pain goes on)

Tell me what they gonna say

When you shut yourself away (Yeah, yeah)  
[CHORUS]

Strung out

You're wasting all our love away (Taking our love away)

I'm running out of words to say (Words to say)

Is there nothing getting, baby (Through)

'Cause I can barely see you

Strung out (Out)

Believing that there's nothing wrong (There's nothing wrong, no baby)

With everything the pain goes on (Oh, the pain goes on)

Tell me what they gonna say

When you shut yourself away
