Strung out

*[Sung:]*

When we started out  
It was fun, so cool  
Nothing really heavy  
Just a little after school

We were chasing dreams  
And living for the day  
Live was for the taking  
It was such a simple game

I don't know when  
And I don't know why  
Suddenly I lost you  
And a part of you had died

You've gone and taking it to far  
I don't recognize who you are, you're...

*[CHORUS:]*

Strung out  
You're wasting all our love away  
I'm running out of words to say  
Is there nothing getting through  
'Cause I can barely see you  
Strung out  
Believing that there's nothing wrong  
With everything the pain goes on  
Tell me what they gonna say  
When you shut yourself away

It's a long way down  
When you're flying high  
No one's gonna catch you  
When you've told too many lies

It's hard for me  
I'm not that brave  
Please God help me now

While there's something left to say

My premonitions are coming true  
Just tell me babe, what you are trying to prove?  
You're hurting me, breaking me  
You still forsaking me  
Why can't you see? You're...

*[CHORUS:]*

Strung out  
You're wasting all our love away  
I'm running out of words to say

Is there nothing getting through  
'Cause I can barely see you  
Strung out  
Believing that there's nothing wrong  
With everything the pain goes on  
Tell me what they gonna say  
When you shut yourself away

Ooooooh, yeah  
You're strung out, baby  
Yes you are  
Strung out, yeah

Flowers on the grave  
I'm calling your name  
Ashes in the rain

Uh, flowers on the grave  
I'm calling your name, baby  
Ashes in the rain  
Yeah, yeah

*[CHORUS:]*

Strung out  
You're wasting all our love away  
I'm running out of words to say (Words to say, yeah)  
Is there nothing getting through  
'Cause I can barely see you  
Strung out  
Believing that there's nothing wrong  
With everything the pain goes on (The pain goes on)  
Tell me what they gonna say  
When you shut yourself away (Yeah, yeah)

*[CHORUS:]*

Strung out  
You're wasting all our love away (Taking our love away)  
I'm running out of words to say (Words to say)

Is there nothing getting, baby (Through)  
'Cause I can barely see you  
Strung out (Out)  
Believing that there's nothing wrong (There's nothing  
wrong, no baby)  
With everything the pain goes on (Oh, the pain goes  
on)  
Tell me what they gonna say  
When you shut yourself away
