#### "This Is Not (Real Love)"

**(feat. George Michael)**

*[George:]*

Don't kiss me, darling  
I want you to hear the things I say  
I loved you in my way  
But you know I'm gonna leave you

*[Mutya:]*

The clock was always ticking  
And your heart,  
Yes I know your heart is always on the run

*[George:]*

I hate what I've become  
But I'm still gonna leave you  
And I don't think you should stay for the night

*[Mutya:]*

Baby you know that my flesh is weak  
You know I simply

*[Both:]*

I cannot sleep without you  
My heart has simply nowhere to go

*[Mutya:]*

Nothing to hold  
Those tears you're crying

*[George:]*

Time and time again you take me back in baby

*[Mutya:]*

You don't have to make it plain

*[Both:]*

This is not real love

*[Mutya:]*

Look at us dancing baby  
Let's dance and show them all  
(Dance and show them all)  
How close we are  
The lies have worked so far  
So we go on deceiving

*[George:]*

But darling don't you know the time  
Baby, look at yourself, holding back the tide  
Like you've got something else up your sleeve  
That's why I've got to leave

*[Both:]*

And I don't think you should stay here tonight  
(Baby don't you know that my flesh is weak, you know)  
I simply I cannot sleep without you  
But someday I'll have nothing to show  
(Nothing to show)  
(Nothing to show)  
I've nothing to hold

*[George:]*

Oh, baby, crying  
All those simple things that won't come again  
Oh do I have to make it plain  
This is not real love  
And I said this is not real love

*[Mutya:]*

Real love  
Baby it don't glisten and shine the way it used to

*[George:]*

This is not real love (real love)  
Baby think of all the promises I made on the day that I  
seduced you  
Baby don't wait for me like some angel of tragedy  
I have to set you free  
Darling you should be long gone, oh long gone by now  
You should be with someone, someone

*[Mutya:]*

Glisten and shine  
You promised me

*[George:]*

You've gotta face it woman, you ain't ever gonna  
change me

*[Mutya:]*

Where will I go, what do I know

About life without you

You promised me you'd never leave me, no

This is not real love
