Oh
If you love me you should let me know
Tomorrow I'm leaving this town and I'm not coming
home, oh
If you want me you should let it show
The hour is getting late, don't let me leave alone
No...

'Cause we can see the world together baby
But first you gotta make up your mind
Is it her or is it me?
That you want in your life

I'ma go whichever way the wind blows
'Cause I know there's something out there wonderful
I don't wanna see it all alone
'Cause I'm sure there's so much more
And it's wonderful

I know she loves you, but it's unbeaten
So follow your heart, take my hand and we'll fly like
birds (higher)
If we stay here we can never be
Let's go some place far away where's just you and me
'Cause we can see the world together baby
But first you gotta make up your mind
Is it her or me?
That you want in your life

I'ma go whichever way the wind blows
'Cause I know there's something out there wonderful
I don't wanna see it all alone
'Cause I'm sure there's so much more
And it's wonderful

And I know that it's hard
For you how to follow
Just follow
What's in your heart

I'ma go whichever way the wind blows
'Cause I know there's something out there wonderful

I don't wanna see it all alone
'Cause I'm sure there's so much more
And it's wonderful

Oh that's where it ends, innit?
