Every night and every day
I fall asleep in the same way
With picture of you in my hands
Thinkin' about you kissing another man

With every week and every month
With every push up with every crunch
I'm in better shape now you see
I'm ship shape captain of the deep blue sea

And why can't I remember the other day?
Why can't I simply make you say?
And why can't I remember how I got this way?
How I got this way

Oh I cant seem to find
A piece of what I lost inside
You took It with you when you left that night

And why can't I remember the other day?
Why can't I simply make you say?
And why can't I remember how I got this way?
How I got this way

I think your a whoa whoa over me
I think your a whoa whoa over me
I think your a whoa whoa over me
I think your a whoa whoa over me
I think your a whoa whoa over me
I think your a whoa whoa over me
I think your a whoa whoa over me
I think your a whoa whoa over me

And why can't I remember the other day?
Why can't I simply make you say?
And why can't I remember how I got this way?
How I got this way
