And This one is for a special someone She knows who she is,  
shes out there I just hope shes listening to this track  
I hope shes listening to the words and the emotion  
And I hope she knows haa Listen,

Ironik:

Yeah a lot of people say it but dont mean it  
Ive been through the stages and Ive seen it  
Before I didnt feel it  
But now I really believe it  
I wanna take you places thats nice like Egypt  
I swear you got me hypnotized I aint feeling ripped  
inside  
This pure love is so right I wanna hold you so tight  
Breaking up  
Theres no time  
Make love all night,  
I think about you all day and dream about you all night

Chorus:

(digga) Until the end of time my heart belongs to you  
Just wanna let you that I love you (ooooh)  
And until the day that my arms hold on to you  
Just wanna let you know that I love you

Ironik: And I miss you itswell

I aint seen you for months but I hope youre doing well  
Have you moved on yet cause I aint moved on too  
But when you do I hope he treats you better than I did  
I know Im struggling but Ill fight it  
I think about you even when writing  
Youre the reason Im writing I hope you learn how to  
stop crying  
Dont give up on love please dont stop trying

Chorus:(digga) Until the end of time my heart belongs  
to you  
Just wanna let you that I love you (ooooh)  
And until the day that my arms hold on to you  
Just wanna let you know that I love you

Now break it down, now break it down, break it down  
I Love You (ooooh) more than money ...
