Oh, every night I'm dreaming of you  
We're weaving through a crowded room  
I ask you to be is my best friend too  
And then I lose your heart

On a steamer with a small-city band  
I'll chase you through the room again  
You're gone before that next dance ends  
I don't know what it means  
Bad dreams, bad dreams

And I'm down before I even begin  
But I'll chase you through the room again  
Ask you to be my best, best friend  
And then I lose your heart

But I should do what I want to do  
I should dream about whoever I want to  
Dream about

Every night, I'm calling out your name  
Every time you get away, hey  
Bad dreams, bad dreams  
(Bad dreams, bad dreams)

Oh, and every night I'm dreaming of you
