Oh love is so good
When you're treated like you should be
The sky goes on forever in a symphony of song

And how the water can flow
Like it's streaming out a fountains
And all you got to do is find a sword and a stone

And how it takes all the night
Like birds of paradise like
Way down in Pollyanna where the race runs wild

Oh but if you're gonna leave
Better call the undertaker
Take me under, undertaker
Take me home

Oh just place me in a box
And fasten all the locks
And with a one, two throw me over the bay side bridge

'Cause love is so good
When you're treated like you should be
The sea goes on forever in a symphony of song

Oh but if you're gonna leave
Better call the undertaker
Take me under, undertaker
Take me home.

Yeah if you're gonna leave
Better call the undertaker
Take me under, undertaker
Take me home
