BORN YESTERDAY

A serpent shed his soul in the history of the device, and  
the secret

signals left me conscience of the price, if I fall within  
the context of

the subtext of the rhyme, I can shape change the  
continuum and  
wring out all the time.

Born yesterday to suffer the change, on the carrier  
wave of a new

world, a thought museum to rearrange, born yesterday  
to give the

moment life, on the book of ages passing, the world to  
take as wife.

The bleeding stone flowers into the pageant of all  
being, the light

brings all colors the paradigm of seeing, in the  
weathered longing of

the tongue April's earth, I can find myself in empathy  
of this crying  
birth.

Born yesterday to suffer the change, on the carrier  
wave of a new

world, a thought museum to rearrange, born yesterday  
to give the

moment life, on the book of ages passing, the world to  
take as wife.

The stillborn consequence is the notary of heaven's  
pause, the song

of winter's heart is the "Lament of Tiger's Claws",  
a man such as

myself can only reap the harvest of Cain, a world such  
as this has its  
religion of the rain.

Born yesterday to finance all tomorrows, the ghost of  
now enters its

mother, to haunt us senses and sorrows, born  
yesterday to put to

sleep what is not dreaming, the agent of the actual, to

deconstruct  
the world of seeming.
