DRIFTER

Â© Electric Babylon Music Author: M.M.

I keep my pain shut away from the callus world, locked
away deep in my

gone and secret soul. and I put on the face that says
fine how are you, but

I will never pay that debt so don't call that loan.

I can look into the eyes of my mirror, and be the
nowhere of the drifter.

The mind of the matter I think therefore I am damned,
till time grinds my

dreams to dust and swallows me bones to being, a
plugged in pawn of

the psychosomatic system, miles away in the better
lands of Venus.

I can be all nothings to nobody, a drifter's
uncensored agenda.

Dreaming down Eden trying to transpose my starless
fate, walk away with

a head full of song and sorrow, the world is a
catastrophe of bottomless

meaning, and a life lived in words and woes.

Yeah but the river don't bleed me, the dreaming
pulse of the drifter.
