EVE 2

Â© Electric Babylon Music Author: M.M.

Eve get on your hands and knees and destroy me, I
breath the brick wall

between us with bated doubt, youÂ're my nothing
wrapped in envyÂ's over

ripe rose, I dredge my way thru the swamp of your
mansion and your

never home, I wanna spill the eternity of you on the
canvas of my blank

check, manifest the sex in you to the place of time in
me.

Mapped her digestive tract thru the city of her noise,
inverted her

perfumed past to a shotgun wedding poise, the
electrons of her cliched

being like a halo made of flies, baptism of the
sequenced code before

another big bang sighs.

As I penetrate her and then feel the rush of evil in me
spill seed in her I

am absolved for another eve.
