FAITH x 9

Â© Electric Babylon Music Author: M.M.

There's rain heading in from a memory, I don't know  
if its the weather

or if its just me, You cant tame the wind you just let it  
blow, you just

try to believe when you don't know.

Love in the darkness I cant find your hand, prop me up  
on a skeleton

stand, is there room in heaven for god and man, I feel  
as small as a  
grain of sand.

The maid poured poison it tasted like wine, her face  
melted away I

thought it was a sign, but underneath was the black veil  
of death, she

bent for a kiss and drew my breath.

Love in the darkness I cant find your hand, prop me up  
on a skeleton

stand, is there room in heaven for god and man, I feel  
as small as a  
grain of sand.

In the living of it I just don't know, the life of it seems  
to die, color

rains on the black and white, and still the painter knows  
not why.

Life in your light I cant find my head, I follow the ways  
of what memory

said, good and evil dream like truth in my bed, is there  
room on earth

for the life of the dead.

So now as I try to see you clearly, well maybe I love you  
dearly, rose

petals fall instead of rain, but they just add fragrance  
to the pain, this

vision is caused by a like of sight, hope rises then falls  
nothing more

than blight, but I'll love you if out of nothing but spite,  
your darkest

shadows are caused by your light.
