FIRST DAY ON THE JOB

Look Iâ've been doing this a long time, and Iâ'm not
one to give advice,
but if you do what your told and don't ask no
questions, I think you'll
be alright.
I said man iâ've got so much inside, Iâ'm just dying to
let somebody
know, but it's hard to rectify a situation, when it was
wrong from the
word go, but sometimes don't you just wanna give it
all up, don't you
ever get hungry; hungry for life.
Look kid don't come in here thinking you can change
the place, most
of the people who have tried to help just increased the
strife, just do
your job the best you can kid, don't let your left hand
worry about your
right, people around here fall hook line and sinker, so
just yank hard if
you get a bite.
But there's a world to save and I just wanna know, if
this is doing any
good.
Look kid around here nobody cares about that kind of
thing, you just
do what you can you cant always do what you should,
let me tell you
nobody even knows what foreign policy is, never mind
what it means,
so you best just cover your ass, and don't make any
scenes, sure there
was a time when I used to think, ah man there must be
a better way,
and now Iâ'm sure there is but I still collect my pay,
look the worlds
gone crazy; there's no doubt about it, but what the
hell can you do, but
if you don't stick it to them first, they'll just stick it to
you.

Yeah I don't understand why that is, but I understand
how it works,
somewhere in the heart of every good man, the seed
of envy lurks, but
why cant the buck stop here, this is a good a place as
any, there's
always a few rotten apples, but does there have to be
so many, I don't
know sometimes it's hard just to make it thru the day,
and sometimes
I feel so high I get dizzy, I just wonder if there's
anybody.....
Look kid there's the boss, look down and pretend
your busy.
