GOD IS A WOMAN

Â© Electric Babylon Music Author: M.M.

From the darkest corner of the cosmos to the light that
finds to soul,

from the spellbound meditation to the cry beyond
control, from the

clay that makes me man to the kiss that makes me
real, from the

thoughts no one can touch to the flesh that makes me
feel.

Senses are the meaning, spirit enters here, I am hers
for dreaming, her
dreams make daylight dear.

God is a woman, Â'cause she moves me in a way only a
woman could,

god is a woman, she touches me the very way a woman
would.

I move in her reflection, she is my deep connection,
she is my passion

dealer, she is my truth faith healer, she moves my
tongue to sing,

turns winter into spring, her lips they wet my skin, my
teeth; the apple;

sin, her shape is poetry, she shapes the man in me,
sheÂ's all thatÂ's real

and true, she is my love for you.

God is a woman, the earth blooms like the flowers in
her hair, god is a

woman, the smell of her perfume hangs gently in the
air.

I see the hem of her skirt dancing in the sway of the
trees, I hear her

sweet tongue in the song of the morning birds, I see
her blush in the

little pink sky, I see her wisdom in the order of the
planets and stars,

and I feel her flesh in the caressing of your hips my
love, and

everything I could ever be is born in her.

God is a woman, and I am in love with her.
