GOD KNOWS WHERE

Â© Electric Babylon Music Author: M.M.

It's in here somewhere there's nowhere else it could  
be, the afterlife is an  
afterthought obviously, maybe the world is a ghost that  
thinks I'm not  
real, moving in for the keep or the kill.  
Paralyzed with the motion of all I should do, god knows  
where my life is;  
do you?

All the explanations all the why-less whys, mincing  
heavens rhetoric with  
sky-less skies, and all the work that amounts to moving  
a hole, the flesh  
on the machinery that wastes my soul.

Trying to define the colors of this unbelievable blue,  
god knows where  
my life is; do you?

Choices other voices and starless rhythms, wether-less  
rain and unpacked  
meaning, keeps a man in the plot of his place, keeps a  
man in the eyes of  
his face, living in between the grind and the grace.

Framed in the silence of my pointless pain, I am the  
ambassador of this  
reap-less rain, with the answers that no question ever  
ask, I carry bane  
and bulk of this shapeless task.

I have to solve this puzzle without a single clue, god  
knows where my life  
is; do you?
