I

I

I am lost in world of you, I feel much more like that than  
this, I am living  
fire of flame underwater, and I live on a grave site.  
I see to much to be enough, I think therefore I think I  
am, I live in tic toc  
mind of space, and questions eat my children.  
I feel free in private prayers, I don't listen to the wind,  
I am the hand that  
holds the mirror, and knows not what is but seems.  
I am no puppet to your plans, I am not what you so  
often spit, I know  
everything about dream shape, and foreign bodies  
sleep.  
I feel pain but do not hurt, I am not afraid of the eyes  
that blind me, I was  
wounded by a hero, and the artists poison pen.  
I am world of senses choked with sense, I am rage  
seeking god in self  
perfection, I am truth warped up in ego, I feel like flesh  
made word.
