I WISH I KNEW

Â© Electric Babylon Music Author: M.M.

I can be lost if I want to be lost, illusion is the buyer
reality the cost,

Iâ€™ve been looking and all Iâ€™ve found is today, the
buddha knows but the

buddha donâ€™t point the way, but your closest to flying
standing on the

ledge, and sorrow is less of a gamble then a pledge, to
each his own to

each his all, the truth is on the rise in this fall.

And here I stand like Iâ€™ve got it all figured out, but I
speak from

sincerity and doubt, here I am trying to tell you, when
the truth is I

wish I knew.

My heart is in a snare my soul is sick, there is an
atmosphere between

me and the world thatâ€™s three feet thick,
communication is the secret

but now I just cant speak, and the world seems so
slapstick and tongue

in cheek, all the loserâ€™s are winning but their
kingdoms are for sell,

thereâ€™s but a vague sense of direction though we
know the way so well,

and Iâ€™m trying so hard not to try, Iâ€™m in wonder but
not for why.

And here I stand like Iâ€™ve got it all figured out, but I
speak from

sincerity and doubt, here I am trying to tell you, when
the truth is I

wish I knew.

Thereâ€™s a vision that befalls the blind, the apparition
of body in this

ghost like mind, we dance thru ancient winds to a
timeless tune, with

the limited notions of never or soon, and all thatâ€™s left
of the great

romance, is this lonesome yet compelling dance, but
come look my

love itâ€™s raining stars, oh at last our world is ours.

And here we stand we've got it all figured out, but all
we know is
sincerity and doubt, what will we think what will we do,
what can we be
I wish we knew.
