INTERIOR FACDES

Â© Electric Babylon Music Author: M.M.

The sky is a better veil than a light, the stars are just  
holes in the tarp  
of the night, and when I look at the mask of her face I  
see the same,  
just another bright mystery except this one has a  
name, such a pretty  
face makes you wonder how ugly on the inside, just try  
to find her  
youÂ'll see how well she can hide, but IÂ'm tired of  
looking I always told  
you who I am, but your affections are more like an  
emotional scam.  
You have to dig deep to reach the surface, wring the  
blood from your  
heart bang your head against the stone, but a false  
prophet cant even  
predict the past, but what of the damage done if you  
accidentally hit the  
bone.  
IÂ've circumvented the circumstance and IÂ'm still not  
sure of a thing, but  
if you get slapped to hard by your own rage you might  
not live to feel  
the sting, but maybe the hurtÂ's the only thing still  
holding you  
together, because the burden carries the weight of the  
world and your  
willÂ's as light as a feather, but its easy to miss the  
mirror seldom  
shows the defects, all you get is the mirrored image of  
prospects  
suspects and rejects, so you call it something just to  
say you  
understand, and your soul migrates to the safest ideal  
and your left the  
living corpse of a man.  
You have to dig deep to reach the surface, wring the  
blood from your  
heart bang your head against the stone, but a false  
prophet cant even

predict the past, but what of the damage done if you  
accidently hit the  
bone.

I know it's what she is that matters as I examine the  
fossils of what she  
was, but her favorite philosophy is just because, but  
you cant even get  
past hello with this kind of reason, that diffident bite of  
the lower lip is  
nothing short of self treason, there's a world of chaos  
trying to order  
love, and it's fooled and suspicious of the stars  
above, the hurt inside  
is the father of all earthly desire, but the way we loves  
like fighting fire  
with fire.

You have to scratch the surface before you dig to deep.  
stop being  
motivated by emotion instead of feeling, we think we  
can get what we  
need by sacrificing what we want, and we think were  
giving when were  
really stealing.
