JOB (THE ETERNAL DIALOG)

Â© Electric Babylon Music Author: M.M.

Your life has been abandoned and un-lived, and I alone
have escaped to
tell you.

I have waited for the light, yet days of affliction
confront me, I feel locked
inside this night, and I only ask to be free, I do all I can,
in the small
world of a man.

I call upon a prayer, yet wisdom remains unspoken,
and I have stood
there and I have seen, where the teeth of the young
lions are broken, why
did I not die at birth, what are these rebuilt ruins worth,.
I question all faith and life itself, and the heavens
radiate indifference, I
endure plagues and suffering, instructed with expert
nonsense, a simple
life eclipsed by the sublime, are we guilty of some
cosmic crime.

Please deliver me from the meaningless meaning, a
day full of wanting
and a night full of dreaming, don't leave me to
wander thru wonder-less
worlds, only finding fools gold and lusterless pearls,
and if fate is the
warden of desire, than it's just trying to trick the truth
out of a liar, all I
want is to really learn how to be, oh god why has thou
forsaken me.
