LIFE IN THE MOVIES

Is god an art or a craft, well I really don't understand
the question, do
you practice it or do you preach it, if you can't do both
don't do either,
that's a cool piece of wit but no answer, just as much
of an answer as
your question is a question, he tilts his head back and
chuckles like a
guru, she smiles in reply but contemplates his face, I
guess it is rather a
pointless little question, no; more ridiculous than
pointless, he looked
offended but amused, I mean if there's not a god at
all then it's neither,
but you see my question assumes there's not, she
thought; yes I see
what you mean, so what do you say art or craft, art on a
good day craft
on a bad, they both laughed in deep empathy.
That's a take.
