"Through the absence of presence  
and the persistance of time  
I share in the lives of the rain..."  
Lightening strikes in the heart of the city  
It's been a long time since I've been down  
There's twenty dollars in my pocket  
Waiting for the man to come around  
Sure enough I'm feelin' lonely  
Cold rain splashes against my face  
I'm always thinkin' about tomorrow  
And will I still be in the same place  
Can you feel the rain?  
Walking down the streets at midnight  
It's been a long time since I've been down  
The cars going by are going my way  
Waiting for the rain to come around  
Can you feel the rain?
