LOOKING FOR SOUL

Â© Electric Babylon Music Author: M.M.

Well my feeling are only skin deep, and beauty is the  
fabric of erotic

suckling motion, I want to lose all Iâ€™ve lost so as to  
find what I can

keep, a measure of the silence transcend all the  
commotion, I want to

move thru the world like sunlightâ€™s lover, I wanna  
dance on the bones

of legends and f\*\*\* like a rainbow, Iâ€™m gonna paint  
the maps and terra

incognito I will discover, I will not believe wish or think I  
will know.

I wanna see the kingdom come, I wanna beat the  
heartbeat drum, I

wanna swim in tides beyond all control, oh oh Iâ€™m  
looking for soul.

I will drink the blood of the river, and the wine will  
deliver, me, I will

fall upon my prey, I will set the endless day, free, and I  
will close my  
eyes and see.

Let me live it just for love and let me sing it like a  
prayer, let me walk

with angels and dream with gods, I will dress like  
clouds and touch like

breath and air, I will bet on the sunrise and just laugh at  
the odds,

mind drunk with the ghost of eternity spilling wine and  
song, reason is

a glamour shot of the ugliest mermaid in the sea, Iâ€™m  
dancing with

musicâ€™s memory where creation banged its gong,  
and the beauty of

Eveâ€™s naked body before she plucked the apple from  
the tree.

I wanna live in Edenâ€™s vacant lot, where original sin  
has been forgot, I

wanna cross the bridge of sighs and pay that toll, oh oh  
Iâ€™m looking for  
soul.

Oh petty Earth lets borrow Saturn's rings for a day,  
lets toast  
marshmallows on a sunset and kiss the rain, lets send  
flowers to every  
star in the Milky Way, let the whole world make love at  
the same time  
like the sound of a distant train, time just babbles barks  
and moans  
and silence is a poet, I will skin beauty's hid and make  
a coat for my  
bed, and if I feel like love is my vision my eyes will  
show it, and I will  
walk thru the field of sorrows though my feet be made  
of lead.  
I wanna find the worlds true heart, see the whole in  
every part, I wanna  
climb out of mankind's petty whole, oh oh I'm looking  
for soul.
