LORD OF CHOAS

Â© Electric Babylon Music Author: M.M.

There's been a death in the family, came as a wound
to me, all ships

must come to pass, and then drift back out to sea,

there was a time so

long ago, and now that time has come, an invitation to
the many, a calling

to the one.

Don't walk on the clouds, wipe your feet before you
step on the moon,

then stand before the lord of dance, and bow before
you swoon.

Home is not so far away, but home I've never found,
she is not so hard to

please, she speaks without a sound, there was never
any doubt, but proof

is hard to find, these are the laws that scatter dust, and
tie the ties that

bind.

Don't leave your dreams in bed, make sure you dust
the shelf, and stand

before the lord of thought, before you lose yourself.

I have tried to hard to see, blindness from the strain,
lost now in the

flood, I prayed to hard for rain, there's been a birth in
the family, came as

a blessing to me, all ships must stop at port, and then
drift back out to

sea.

Don't give up the ghost, until you've accepted the
man, you must stand

before the lord of chaos, before you know the plan.
