I need what I want there's no doubt about it, I can't die  
in peace if I have  
to live without it, my major breakthrough turned out to  
be a minor  
breakdown, I used to be a man of the world now I'm  
just another drunk  
downtown.  
This world can't forgive a man, I only hope God can, my  
nerves aren't so  
steady I got a head full of trouble, hey Mac better make  
mine a double.  
I hate myself but I'm not gonna do anything about it,  
as soon as I feel  
good about something that's when I begin to doubt it,  
sometimes I wanna  
let the fury fly but it gets stuck in my throat, I was the  
first one to say let's  
sail and the only one that missed the boat.  
This world can't forgive a man, I only hope God can, my  
nerves aren't so  
steady I got a head full of trouble, hey Mac better make  
mine a double.  
To fight for freedom that was my predestination, I just  
fell a victim to the  
the habit of complication, pour me another one Mac  
I'll show 'em who's  
though, and he said don't you think you've had  
enough.
