Welcome to the big world little man, where the best you  
can do is all you  
can, in the endless days of yesterdays dreams, and  
every night is busted  
at the seams, these fantasies are appalling and  
appealing at the same  
time, the blood of the lamb with a twist of lime, your  
future reads just like  
your past, you cant break the spell once it's been cast.  
You resign your self to a troubled life, divorce the  
world and take a wife, a  
choice has been made but you didn't get to choose,  
oh oh may the best  
man.....

Welcome to the little world big man (pig man), where  
the best you can do  
is the best you can, the end of the road is an easy pace,  
the fattest rat will  
win the race, desires only limit is a poor cash flow, all  
dreams come true  
in reality's afterglow, the icon who worships his  
prayers, who seems  
concerned but never cares.

Headlong your self righteous ideal is hurled, you  
divorce your wife and  
take the world, your virtue is just a thinly disguised sin,  
oh oh may the  
best man.....

Welcome to the real world simple man, where all you  
can do is all you  
can, laughter is the middle way between the  
seriousness and the sorrow,  
today is the never ending bridge between yesterday  
and tomorrow, the  
kingdom is not the castle nor the king, it's the song  
itself that inspires  
one to sing, the tragic beauty of the truth knows no  
shame, and the eye  
of the beholder cast no blame.  
The light still pervades in the darkness blind, the path  
is hard to keep  
though it's easy to find, and all those other tall tells

well thats just so  
much shit, oh oh may the best man quit!
