NICE DAY

Â© Electric Babylon Music Author: M.M.

The sun is shining brightly down on my unconcerned
head, IÂ'm
celebrating the unseen life of the newly dead, life is
teeming with
voracious hunger for more life, this joy that surges thru
the air is so
thick you could cut it with a knife, the blue sky comes
down to the
earth and melts into a field of daisies on my right, the
air is filled with
evening and the wonder of the coming night, more
perfect than the
idea of perfection, this kind of day could pass
anybodyÂ's inspection.
ItÂ's such a nice day, will you come out and play, itÂ's
such a nice day,
wont you come out and play, itÂ's such a nice day,
please come out and
play, itÂ's such a nice day, what else can I say.
The clouds scurry along like theyÂ've got more
important things to do, I
search my mind and my thoughts are of you, I think of
your golden hair
deep green eyes, I think of your mysterious ways and
the shape of your
thighs, the world seems to have come together for a
moment to join
hands, a brief epiphany in the ways of man, the
entrance to that
farmhouse there is as if EdenÂ's gate, the bees
buzzing low over the
fields make me hungry for my mate.
ItÂ's such a nice day, will you come out and play, itÂ's
such a nice day,
wont you come out and play, itÂ's such a nice day,
please come out and
play, itÂ's such a nice day, what else can I say.
I think maybe IÂ'll go home get my book and sit in the
cool shade and
read, all the beauty of my Earth just fills me with

benevolent greed,
maybe I'll go out and watch the ripe red sunset over
the lake, right
now the world seems to be alive for heavens sake, see
how that hazy
vapor comes off the street in the distance, my mind is
surging in travel
and my feet hold no resistance, I want to go
everywhere do everything
see all there is to see, if it never rains again that'll be
to soon for me.
It's such a nice day, will you come out and play, it's
such a nice day,
wont you come out and play, it's such a nice day,
please come out and
play, it's such a nice day, what else can I say.
