OBSOLETE TOMORROWS

Â© Electric Babylon Music Author: M.M.

Tomorrow has already come and gone, and I have
already sang this song,

Iâ€™m a time traveler in a timeless maze, Iâ€™m a
sleepwalker in a dreamers

daze, this river has already ran itâ€™s course, this shore
has already been

washed by tomorrows tide, life before in the sweet
meadows way, now in
this humble shelter we bide.

Oh if only for now we sing and so we sing, so we sing.

Whitewashed memory eclipsed by tonight's moon,
doing our different

dance to the same tune, eyes cast in wonder at the
starry night, hearts

fawn the rush of the blinding light, I trembled when that
part of you

touched me, in this flesh coated spirit I went home for
the while, in

ecstasy from the hand I felt the numb silence, and I
traveled that miracle
mile.

Oh if only for now we sing and so we sing, so we sing.

A vision of the dawn in my sleep. a glorious vain
promise to make me

weep, itâ€™s a never has been way of life, she was a
wonderful mistress but

sheâ€™s an unfaithful wife, oh why even bother to roll the
dice, in this world

where nothing is left to chance, but I just want to make
some music, so i

can watch you dance,

Oh if only for now we sing and so we sing, so we sing.
