OF MY FLESH

Â© Electric Babylon Music Author: M.M.

She comes dancing right out of my head, she's got
blonde brown black

red hair, she pulls me to her with her eyes, her eyes
are brown green blue

and gray, she is part of me I can feel her thoughts,
she's as subtle as

breathing her soul is of my flesh.

I take her she is the shape of my hands, she moves me
profoundly, we

make love, we are involved in perfection, because we
are existing outside

of the context of time, and it is a bliss to hold myself in
your arms, and it

feels like.....

A fresh moment has started and time comes rushing
in, and she melts out

of my arms and back into my mind, where she stays
with me real like

thought, and each moment brings us closer in to sync
with eternity, when

in the true consummation, I shall dance into her mind.
