ONE THING

Â© Electric Babylon Music Author: M.M.

It's as radiant as a night full of stars, it's the reason
that Venus teases

Mars, a singer is the words of his song, it's the
healing not the wound

that leaves the scars, despite heartaches breakdowns
and blunders, the

sky still sends rain when it thunders, now I move in a
fresher world,

and my woman is an eyeful of wonders.

Oh when life feels like it's living you, there's only
one thing that can

pull you thru, that's love, love, only love.

It's the rock and the root of the dreaming, it's where
sunlight and soul

just come streaming, it's as soft as the world is hard,
and the heart is

with mystic rapture teeming, and now rhyme outweighs
hollow reason,

and any feeling but joy is marked treason, and even
darkness can wring

out some light, for this is the prize of the season.

Oh when every color in your painting is blue, there's
always one thing

that will pull you thru, that's love, love, only love.

Lost in the dreamer or lost in the dream, lost in the
heat or lost in the

steam, lost in the doing or lost in the done, wish upon a
star or

burning like the sun, drink from the river medicine of
days, find the

path where tomorrow plays, die with an angel and live
like a soul, give

pain the dross and love control.

It could stop the four horsemen in their tracks, it could
make

mansions out of shacks, it could make the moon a
pearl around your

neck, make miracles common fantasies facts, you'll
taste the blood in

the wine, you'll stop searching the skies for a sign,

you'll know that
now is the meaning, the passion of love's lust is mine.
When everything feels wrong no matter what you do,
there's always
one thing that will pull you thru, that's love, love, only
love.
