Little killers in a video landscape, no one loses you just
rewind the tape,
a new fad for the bad boys, an old game played with
new toys, daddy's
guns there new joystick, bully beware now there's no
one he can't lick,
it's much worse than a crying shame, only the
innocent to blame.
Given up one thru seventh heavens, lost this level and
went straight to
hell, come to find there is no reset button, come to find
they don't serve
pizza in jail.
Just another symptom of the age, just an easier way to
bleed the rage, a
perfect stance for gun control, no it's that filth they
watch that's damned
there soul, meanwhile the kid doesn't even
understand why he aches,
he just wants to bend his heart a little before it brakes,
he knows where
that guns at and he knows it'll put you away, he just
doesn't realize
that it's forever not just today.
Crying and hugging mommy thru the bars, her little
jailbird held without
bail, she can't do anything perhaps she never could,
can't even get them
to serve her baby pizza in jail.
But now there's five other mommies out there that will
never know, what
it's like to watch there children grow, what once used
to would have
been another class clown, wrapped his fingers flesh
around a fantasy
and gunned it down, there is a lesson here one that
should have never
been learned, but it's one that we have pitifully and
painfully earned,
kids guilty enough to blow someone all to hell, and
innocent enough to
ask for pizza in jail.
