RAIN ON THE RUINS

Â© Electric Babylon Music Author: M.M.

You know IÂ’ve tried to patch this cloud, screamed my
most private

thoughts out loud, and I have come to a place, where
IÂ’ve been

spellbound by your grace, couldnÂ’t bare to look into
your face, where

all matter descends into empty space, you know IÂ’ve
tried to walk on

the sky, never even dreamed of wondering why, with
all these lessons

all IÂ’ve learned, is there aint nothing that cant be
burned.

Evil thoughts and evil deeds, heartless desire and
useless needs, we

have cried with the storm, we have made the winter
warm, yet with all

our glory doings, it still rains on the ruins.

You know this water is the soul of life, and this precious
metal was

forged into a knife, now the past is just a dream, the
future is just a

scheme, the present is just a seam, the binds the
bridge over the

endless stream, thereÂ’s an abstract image touching
my mind, thereÂ’s a

special artist IÂ’m trying to find, but thereÂ’s
something wrong with this

picture weÂ’re trying to paint, the savior is a sinner and
the sinner is a

saint.

Evil thoughts and evil deeds, heartless desire and
useless needs, we

have cried with the storm, we have made the winter
warm, yet with all

our glory doings, it still rains on the ruins.

This desperate life was formed in the womb of the rain,
the child of

pleasure shrouded in the afterbirth of pain, now the
morning is in a

rage, the night is in a cage, time has come of age, and

we shall listen
for the silent sage, and now I want you to take a walk
with me, there's
a place out in the meadow by a hollow tree, you can
see the sky where
it comes down to the earth, we'll try to figure out how
much we've got
and how much it's worth.
Evil thoughts and evil deeds, heartless desire and
useless needs, we
have cried with the storm, we have made the winter
warm, yet with all
our glory doings, it still rains on the ruins.
