RESTLESS RIVER CEASELESS RAIN

Â© Electric Babylon Music Author: M.M.

Sculpting the masterpiece hidden in the rock, river and rain

ambassadors of the muse, this tragic beauty staggers unfinished, in its

native dress of infinite blues, the prodigy of accidental truth, the

anatomy of dreams wasted sleep, involuntary motion of the clock-less

soul, given to the bride of the rivers keep.

This river plays an alter for the rain, prayers for a petty god of moon

and tide, the blood from the throat of the lamb, only the will of the

sacrifice is defied, so the meaning is the flow and fall, and the

difference between river and rain, are the oceans bitter toxins to thirst,

and the water that escapes down the drain.

A man can only face down the mystery with the animals will to survive,

and try to realize some kind common glory in the fact that you're alive,

but oh the rain the rain the rain the rain that drives the river's rage,

the same curses the same plagues in a different tongue in a different

age, washing the memory from the bitter bones of this brooding earth,

till every life that was every lived is conjured unto oblivion's rebirth,

and you realize everything at once is the only truth the fossil in the

stone, your little life and your little mind the only light in the godless

unknown.

So the days add up to a personalized eternity, and we are the end

within the ending, you can look into the eyes of hells and heavens, and

still never know the direction we're tending, and if

this pitiless
mechanism can grind mountains to dust, and leave
nothing of a man
but ruin and pain, he must find his comfort in that
same device, for it
is also his deliverance this restless river ceaseless rain.
