SMALL WORLD

Â© Electric Babylon Music Author: M.M.

The silence has been broken, that has passed between  
us, now these

vows can be spoken, we are lost have you seen us,  
many years have gone

by now, and many more still to come, you dare ask why  
now, you are

braver than some.

To me it's a boundless universe, to you it's such a  
small world, to me

she's a glorious woman, to you she's just a little girl.

Your body beside mine, and the breath that she takes,  
as I watch for my

sing, in the moves she makes, I fly with these torn  
wings, you wont even

swim, I listen while she sings, a song for him.

To me it's a boundless universe, to you it's such a  
small world, to me

she's a glorious woman, to you she's just a little girl.

She's such a temptress, but her beauty is vague,

she's everyone's

mistress, she's everyone's made, and her body is  
burning, for the thirst

on your lips, but it's you who are yearning, you feel  
the seam as it rips.

To me it's a boundless universe, to you it's such a  
small world, to me

she's a glorious woman, to you she's just a little girl.
