STRANGE THINGS HAPPENING

Â© Electric Babylon Music Author: M.M.

There's things going on things I don't quite
understand, I found out
last week Charlottes not a woman she's a man, this
old world don't
stop for the spectators to get a better view, when I look
up in the sky
it's always blue.

Strange things happening, lovers don't undress in
front of each other,
father stands straight and tall where's your mother,
strange things
happening, unsheathe the sacrificial knives, we offer
you the innocence
of our wives, strange things are happening, different
times different
lives.

There's things going on things that make me sad, but
when I found
out you were going I must confess I was glad, sitting on
my porch in
the pale shade of the moon, I'm thinking spring never
comes to late
and winter never leaves to soon.

Strange things happening, lovers don't undress in
front of each other,
father stands straight and tall where's your mother,
strange things
happening, unsheathe the sacrificial knives, we offer
you the innocence
of our wives, strange things are happening, different
times different
lives.

There's things going on things we don't even know
about, there are a
million roads to take but there aint no way out, you
chose your chance
and you keep walking regardless of the odds,
everything oh everything
must be full of these little gods.
Strange things happening, lovers don't undress in

front of each other,
father stands straight and tall where's your mother,
strange things
happening, unsheathe the sacrificial knives, we offer
you the innocence
of our wives, strange things are happening, different
times different
lives.
