SUMMER BRIDE

Â© Electric Babylon Music Author: M.M.

Her kisses are as fresh as eternal mornings, every time  
she touches me

it's like virgin heat, her eyes match the color of my  
mood, her naked

body is the flavor in all that's sweet, she could make  
me smile on the

first day of Armageddon, she could touch my cheek  
and make me

forget what pain feels like, she could walk right into my  
dreams

without waking me up, she says close your eyes love  
and I will show

you the light.

Will you always be my summer bride? when the world is  
alive.

Well I loved you when I was waiting to be born, and you  
stepped into

my mind like the muse and you gave me art, you  
smiled as you stole

the moon and slipped it into my pocket, you showed  
me wonder you

showed me what's true you showed me my heart, oh  
my love I could

whisper an opera in to your ear, I could bleed poetry  
just so you could

have a dance, I could make love to you till the sun goes  
supernova,

turn kisses to wine just so you can really taste romance.

Will you always be my summer bride? will you always  
beat the drum of

passion? will you always prove as true as the tide? and  
when the world

seems like old hat will you create new fashion?

Well I live three lifetimes in one night of your embrace,  
the world's just

a mirror its beauty a reflection of your face, I could  
carve your form in

ivory put you on an alter worship you, if god gets  
jealous I don't care

I'm pagan passion true, I've known wings and now I

could never give  
up the sky, the meaning of life that's just a joke I  
don't even care  
anymore about why, your eyes are more wondrous  
than galaxies stars  
and moons, you more poetry than poet fill my head  
with rhymes and  
runes, since you left the company of angels the myth  
of heaven can  
now be proved, with every little grace of motion you  
perform I am  
most profoundly moved, in the rhapsody of high  
summer my love you  
keep me all the seasons long, will you always be your  
lovers pulse  
always sing your lovers song?  
Will you be my summer bride? in October.....
