TALK TALK TALK

I stare into the hi def graveyard of your eyes. if you  
had more respect  
for the truth you wouldn't lip sync these lies, could be  
cola wars the way  
it just rolls right off the script, could be the space  
prime-time  
continuum is ripped.  
Talk talk talk, what do you say. talk talk talk, of the  
wordless way.  
He's a self fulfilling prophet this linguistic vampire.  
busy driving home  
the message to his white flag empire, and it's a  
virulent disease that  
amounts to a plague, the symptoms so obvious for a  
condition so  
vague.  
Talk talk talk, what do we mean, talk talk talk, silence  
the scene.  
The sonic boom across the table top flats, these trifling  
tongues should  
be mute meals for cats, the whole of the dictionary is  
contained in the  
flesh if everything is all there is, those lips could say  
much more with  
the language of a kiss.  
Talk talk talk, what do we learn, talk talk talk, when do  
we burn, talk talk  
talk, what has been said, talk talk talk, didactic dead,  
talk talk talk,  
soulless semantics, talk talk talk, predatory pedantic',  
talk talk talk,  
detailed explanation, talk talk talk, sans  
communication.
