THE COMING TOGETHER OF FALLING APART

Â© Electric Babylon Music Author: M.M.

This dream needed more sleep so I put it back to bed,
my feelings

were a little numb so my thoughts tried to sabotage my
head, it can be

everything at once or it can be nothing at all, it's hard
to tell which

direction your falling once you start to fall.

A little weakness can make you strong, when the world
seems made

for wrong, the night will crack the dawn, and you will
sing a simple
song.

You beat your brains out and then fall in love with your
heart, that's

the coming together of falling apart.

It always feels like your following someone's pointing
finger instead of

following your feet, it takes so long to get anywhere but
you can get

nowhere in a heartbeat, and sometimes no matter what
I do I feel like I

don't know what I'm doing, and if it's not raining
now the sky shows

off a storm that's brewing.

But I make it everyday, the future's here to stay, and
the price is priced

to pay, any way's the way.

Let the blind lead the blind then smash your compass
guide and chart,

that's the coming together of falling apart.

I've been down by days nagged by nights and
dragged face down thru

the mud, but I kept my peace because I know holy
water is thicker than

blood, you do everything for sacrifice or desire but you
cant sacrifice

desire, and I'm here to tell you all you can do is burn
if you fall into a
fire.

I'm a lover and a fighter, I'm god's ghost writer, I

will carry this load
much lighter, hold this trouble tighter.
Lay down your faith imagine your finished then live
your lifeless start,
that's the coming together of falling apart.
For some strange reason this doesn't seem strange,
life is a raging
river of change.
