THE LAW OF THE JURY

Â© Electric Babylon Music Author: M.M.

Into my mind your image shapes, your ego slips thru
where the steam
escapes, your broken doctor and your helpless nurse,
you hid your lawyer
in your purse, candy wars and a metal kiss, did your
silent tongue talk
like this, youÂ'll only listen to your favorite song, you
change the truth if
the truth is wrong.
Stay in focus, not hocus pocus.
Broken mirror you be the judge, all your limping is that
just a crutch,
follow your rainbow its your rain, would you kill for
godÂ's love just like
Cain, secret potion youÂ'll never tell, how did
heavenÂ's hero wind up in
hell, true skies are cloudy when the rain will fall, now
the weathermanÂ's
wet you fooled them all.
Touch your feelings, not sentimental dealings.
The hungry eat you lick your lips, the starving starve
your patience slips,
stand up proud as you fall apart, is that a lump in your
throat or is that
your heart, the season ends with the hunter blind, when
you look for
nothing nothings all youÂ'll find, camera obscura like a
mind trap. if your
misunderstood then you take the rap.
Judge the jury, donÂ't stand in fury.
