THE RIGHT TO REMAIN SILENT

Â© Electric Babylon Music Author: M.M.

Anything you say my be used against you, anything
you want may be

used to tempt you, it's a vicious world for a gentle
man, you do what

you must just to face what you can, the blueprint for a
new world my

be imbedded in your mind, but a good architect sure is
hard to find,

no one has the right to keep your rights from you, you
don't have to do

nothing if thats what you want to do.

You have the right , not to fight, come on freedom,
shine your light.

People protesting this people protesting that, maybe all
that exercise

will keep them from getting fat, the foolish rule by
majority, making

futile laws for the unmoral minority, right and wrong
don't have

nothing to do with the power of the law, because the
ones who need it

the most don't seem to use it at all, yeah murderers
and rapist still go

free but they'll hang your ass for a d.u.i., when
nothing seems to

matter what for you cant help but wonder why.

You have the right , not to fight, come on freedom,
shine your light.

You say enough is enough but no not here, if the only
thing to fear is

fear itself we sure got a lot to fear, are we going
anywhere or just

wasting time you say we got nowhere to go, thats what
happens when

you think your already there and you believe but you
don't know,

maybe someday it will be against the law just to leave
your house,

maybe someday it will be conventional for a man to act
like a mouse,

but don't think things couldn't get no worse or thats
just one more
reason why they will, you see right or wrong aint the
question and
freedom is the deal.
You have the right , not to fight, come on freedom,
shine your light.
