THE UNCERTAINTY PRINCIPAL

Â© Electric Babylon Music Author: M.M.

Matter doesn't matter, it whirls around your
numbness like a mad hatter,
space time thought chaser, mapped out malice
aforethought of a
heartbreaker, and it's all because your you, and you
don't know who you
are, habit knows what to do, creature comfort big bang
scar.

Sequenced timeless moment, the situations gravity is
not mind bent,
unmoved maker motion, consciousness is the secret
potion, it cant be
here and there, you only see what you look for, so
maybe this is really
nowhere, all we get is questions anymore.

Field of any hope, all meanings just unravel under the
microscope, light-

bone photon mission, find the actors god cast part
thought fission,

wonder splits the fabric of silence, mystic knowing
more fantastic than

myth, structure fruit of chaos and violence, the
center's everywhere we
don't know where it is.

Armageddon sighs, devour the scene with atom
smashing eyes, symbiotic
sanity, mind and matter possession and vanity, where
will now appear

next, you cant define where and when at the same
time, it's like reality is
hexed, but we call it here and now just to make it
rhyme.
