UNFINISHED PORTRAIT

Â© Electric Babylon Music Author: M.M.

Does a rose smell as sweet when there's no one there
to smell it, how can

you know what the word means and not know how to
spell it, I saw a door

standing in the desert so I built a house around it, it's
not like finding

something you were looking for so you don't know
when you've found it.

Throw the full moon on the fire, take your medicine
have a drink, find a

babysitter for desire, let your thoughts do anything but
think.

Blow a kiss to the rainbow, logic you such a dreamer.

The end never had a beginning, it is its own means,
time is the tragic

persona, when your acting out these scenes, but I
forget which part I'm

playing, I forget which lines I'm supposed to be
saying.

Yes it's me in here bleeding thru the pen and ink,
staring myself down in

the mirror again neither one of us even threatening to
blink, I suppose it's

just another day I suppose it's just another mood, you
start out starving

for life and you end up settling for food.

Where is that early summer morning that smelt like
eternity, where is that

little boy who used to look across the rooftops of the
world from the top

of a tree, the best that beautiful little boy could do was
turn into me.
