UNION

Â© Electric Babylon Music Author: M.M.

Come to me as soft as a breath, let kisses say what
words cannot shape,
your eyes reflect your lovers landscape.
Let your tongue sing upon my flesh, take me slowly
thru heavens and
worlds, into the silent center of the galactic swirl.
Follow me down into the morrow, where the universe is
draped with skin,
where only sinners escape this sin.
Let me play in your hair like in ocean tides, let me
flavor your lips with
idolatrous kisses, and whisper your ear with passionate
lovers wishes.
Now angel let me pass thru heavens arches, and
feather the wings that
give us flight, let your eyes go blind to this common
sight, and we will
sense that rare spectrum of vision, in ecstasies sweet
oblivion we will
pass beyond all worlds and merge into mind, and so to
the dance my love
let it spin madly and cast us into absolute union.
