WHERE I'M AT

Â© Electric Babylon Music Author: M.M.

my name is nobody,i come from nowhere,i live on
nothing,i dream in
shakespeare,i cheat the meaning,i twist the thorn,i
swallow the wind,i'm
fiction born *neither here nor there just where i'm at
always the mirrors
foe,never the weather's friend,despising the break,in
my virtuoso's
bend,cut me a princess,from the diamond of lovers,i
sleep in her
soul,forsaking all others

*

all i am is hard enough,i don't need some beggars
bluff,take me where
you'll find me there,get me out of all this nowhere i
wana bang my head
on solid rock,rate the mind quakes after shock,see the
dusk throw off the
days strip tease,just for naked midnight's battered
knees,times spaced
out afterbirth,sibling revelry of vested futures
worth,the exquisite choice
of method between hell and ice,the luck or the f*** of
gods dice tip of the
tongue says nothing of interest to me,my eyes only
look for what they
can't see,wondering how that rabbit got into my hat,i
just can't be where i
am cause i don't know where that's at.
