Hook - Gary David

I can change the world
I would be the sunlight of your universe
You would think my love was really something good
Baby if I could, change the world

Verse - Marty McFly

I walk alone around a place I don't wanna be
In a world full of cornballs and drama queens
Where people carry round guns just to feel hard
Where everybody wants attention like a drill sgt.
Around here nobody does what they need to do
Where everybody rather hate then believe in you
But we were placed here, this ain't a chosen life
I guess the world's gonna be turning real slow tonight
I've been hopeless, sleeping with the roaches
Hating every stormy day, praying for a solstice
Feeling like an outsider fighting with the soc's
I had to sell my ford cause I couldn't keep my focus
And now I'm feeling like a man without a cause
I'm tryna find the perfect time to overlook the flaws
And maybe I can't change the whole entire world but
Baby I am pretty sure I can change yours

Hook - Gary David

I can change the world
I would be the sunlight of your universe
You would think my love was really something good
Baby if I could, change the world

Verse 2 - Marty McFly

Lets have a toast to the girls who respect themself
Go tell that corn that you with he should check himself
How you grown and you still living at home
And rather then go get a job you be getting stoned
It's such a shame, everybodys gone crazy
Daddy's little baby had a baby
We living in a world where recessions an excuse for
being lazy
Where all your close friends turn shady
I'm feeling out of place on this planet

So I'm thinking I should probably go
My life is ice cream... a cold rockie road
So I'm gonna walk it slow until I find change
I'm not a player but I'm tired of the mind games
While everybodys up in everybodys business
I try hard... I could never make a difference
Cause they don't listen to the priest's or the pastors
So why they gonna listen to a rapper?

Hook - Gary David
I can change the world
I would be the sunlight of your universe
You would think my love was really something good
Baby if I could, change the world
