MARTY

I am, the only person who I wanna be
I stand out, kinkos; couldn't copy me
I can't make cents, minds full of poverty
I'm livin like a jelly fish I aint got no heart in me
Aside from the stress, hate,& the scrutinty
I'm not the person who I choose to be
To all of ya'll saluting me,
I'm not the person who I used to be
Life is like an escort, it always tries screwing me
Who are you to try to tell me I'm a changed man?
I'm the same man, I just got a different game plan
buildin' stamina, workin' on my gameface
focused on the long run, ya'll is in the same place
everybody try to say that im not good enough
these girls goldy-locks, nothin's ever good enough
too hot, too cold, shoulda, coulda, woulda stuff
i was 17 doing things you never coulda done

Hook

You only get this one life to live
Although it mabey too hard to fit in
When you feel like no ones listening
Love yourself
You only get this one life to give
So you gotta keep it for yourself
Dont you ever let them bring you down
Love yourself
And no one else

Verse

My life in three words, better than.. yours
I fly around, ya'll pedallin'
to me, thinkin' out the box is the medicine
mind of a cherokee, and i dont like settlin'
but see, every room got an elephant
or three or four skeletons in every door im enterin'
but thats irrelevant, i love how the show react
like a gifted kid in school, no ones gonna hold me back
cause all ive ever had is pride and a vision
and all ive ever wanted in this life, was to fit in
but ya'll are quick to judge, when im put in this position

i just wish you knew the man under the fitted
cause times is rough,
and see my life has been a mess since the start of it

life is like a box of chocolate without a top on it
life is like a glock, with a chamber full of hollow tips
and i know its hard to swallow, but at least you could
acknowledge it

HOOK REPEAT

Verse

yeah, and life is more than just a little game
it sounds strange, but pain; is my middle name
i've never changed, ive been doin' this for ???
(eeons)???

i would only drink, so i had something to lean on
my future is a picture, i wish that i could edit
its hard to forget it, when you know they really meant it
its gettin' to my head, and its hard not to let it
but, people will do anything besides give you credit
and, no matter how good my damn song goes
they will find a reason to hate on it, but lord knows
that, ahh frig it, im exhausted
tell me how I sound like drake, when I started before
him..

and how come, they compared me to marshall
than it was benefit, how does rapping benefit
to people who just wanna start expressing themself
and what the hells the point in livin', if your stressing
yourself

but who knows, ive turned cold, im tired of the yearnin
i wish i went to highschool, to find a higher learnin'
i wish i made sense, or had some incents, to call pass,
so i could sit back and watch it burn yeah
and gary i know you said a 16,
and I'm sorry I just need to let myself speak
I've been holdin' it for too long, and everyone knows
now my crews gone, I just gotta focus on these new
songs

but i dont know, what the hell im tryin' to do it for
i wish i had the attitude, to just say screw it all
and to the very few fans that ive had,
i wanna thank you all for always having my back
