Trap DOOR

off Trap Door

Chorus

She said she feel so (DAMN UNPRETTY)

She said she feel so (DAMN UNPRETTY)

damn unpretty damn unpretty

damn..damn unpretty

Verse

Yeah

I think its crazy all the things he doesnt do for you

Instead of wanting change he should call you beautiful

And hes probably got some low self esteem so hes

tryna change a queen to a normal human being

I see your hurt and imma break it to you gently

You give out all you got and then you sit there feeling
empty

you think this all happens accidentally?

Dont alter yourself, thats like putting bumper stickers
on a bently

And damn there she go again, crying all alone again

Imma play Regis baby know that you can phone a
friend

Any time you need me i can turn a frown

right a round just call me up when you wanna see me

and we can chase stars through the yellow bricks of OZ

in the words of bruno mars, you are perfect how you
are

I know that you are strong and you are gonna fight it
hard

but he dont need a knife to leave you scarred.

HOOK

Verse

Can you tell me why youll stick around another day

WHen you know for a fact nothings gonna change

Is it a phase? would you tell me if you were afraid?

Cause if you are i can take you to another place

Its far away in a whole nother galaxy
Girl your the mona lisa of the gallery
And everybodys gonna have to say the same thing
IF you think hes good for you than your insane
So baby its decieving, tell him that your leaving
You dont gotta change, God made you for a reason
And i gotta promise you as long as im breathing
That you gon shine brighter than the biggest start
gleaming
I hope this ends soon, its probably just a phase
If it is then im sure you gon see some brighter days
This life is played out about a 100 million ways but you
are somebody that i cant see fade
