You cut me
off the mixtape TRAP DOOR

INTRO

If I could go back into time, I'd one night you
My hearts frozen, colder than ice cubes
and who gave you that right to, walk and bounce
you used the key to my heart at the wrong house
so now my plans startin' to mount, now im cookin it up
im down but the way its lookin' is up
and its nuts, cause after all that time wantin' to cry
im just laughin, cause you just lost that one of a kind

CHORUS

This time was different, felt like i was just a victim
And it cut me like a knife
when you walked out of my life
Now im , in this condition, and i got all the symptoms
And you cut me like a knife
But no matter what youll never see me cry

Verse

first, you gotta know what you did to me
you made a monster, the old mes history
you've done turn me to the craziest man
ive gone cold, so ill never be the same again
and nope, i was runnin' back... you had a chance
but you was there holdin' hands with some other man
damn, and every word was another lie
cupid musta hit my eye, cause love is blind
when you left it was hard, just to see passed
you could hop out a box, it wouldn't be jack
to me, here i am with that new look
it was a game, i used the wrong rule book
i shoulda known i was mixed with a mix-match

i got attached, and now im bluer than crip flags
she said stuff i aint have to hear
i whipe my eyes, but i still cry tattoo tears

HOOK

my hearts gone, im addicted to darkness
she left my heart, over there on the park bench
i even heard from sources, that she was gettin' around
so now im mad, burnin up like arsonist
never understood the non sense, she bragged about
i let her talk, but she nagged me 'round
and had me down, even tried to break me quick
and everytime i hear her name now, it makes me sick
i puke,
how you gonna say you loved me, you need me,
believed me
then you turn around and you leave me?
its deceiving, you kill me with that weak smile
forget love, me and cupid got a beef now
i gave love a shot, gave it a clip toss
you put me down, quicker than some sick dogs
the other side got grass the greenest,
so im goin, but the next time you say love, better mean
it

Yup
Honestly, aint no such thing as love
Make sure you understand that
dont give anybody your emotion
emotion is the, most powerful thing you own
dont let it break you
OH! and thanks again girl, cause I've been livin' my life
and I aint have this much fun in a LONGGG time
