She said, "There's nothing you can say  
To me that hasn't been said  
There's nothing you can do to me that hasn't been  
done  
Inside my head, done inside my head"

He said, "Well what else do you have up  
There that isn't tied down?  
You make a lot of noise for a girl  
From south of town, south of town"

She's so calm, yet so confused  
She don't know, she's being used  
She tries so hard, but it makes no difference  
'Cause biting the bullet is bad for business

She pretends to be so interested in current affairs  
Pretends she doesn't notice when she sees  
So many people stare and the people stare

She counted 39 steps from her door to the car  
39 thousand more just to get herself out of the dark  
And now she sees a spark

She's so calm, yet so confused  
She don't know, she's being used  
She tries so hard, but it makes no difference  
'Cause biting the bullet is bad for business, is bad for  
business

The pretty picture she tried to find  
Were only real inside her mind  
She broke a window inside her soul  
It hurts more than you'll ever know

She's so calm, yet so confused  
She don't know, she's being used  
She tries so hard, but it makes no difference  
'Cause biting the bullet is bad for business

She's so calm, yet so confused  
She don't know, she's being used

She tries so hard, but it makes no difference  
'Cause biting the bullet is bad for business  
Is bad for business, bad for business, is bad for  
business
