All I want for christmas is a yippie little dog  
With a diamond collar on, wearing Louis Vuitton  
All I really want is some real estate,  
I'll take from Rockefeller center to the Golden Gate  
All I want for christmas is my own private island

All I want for christmas is everything you got,  
So empty your pockets, I don't ask for a lot  
Yeah all I really want is a movie screen,  
Ten times bigger than you've ever seen  
All I want for christmas is the best of everything

It's not really greed  
It's just what I need  
It's Christmas

'Cause all I want for christmas is another one of me,  
To do all my work so I can watch TV  
All I really want is a mansion in the sky  
With a stairway up to heaven and a gold plated tie  
All I want for christmas is a planet named after me

So all I want for christmas is two aces in the hole,  
My favorite team, the seahawks win the superbowl  
All I really want is a massive skate park  
With those stadium lights so I can skate in the dark  
Yeah all I want for christmas is your best champagne  
on ice, nice

It's not really greed  
It's just what I need  
It's Christmas
