Would it be too much to ask?
Too much too fast?
I'm all alone and
I want you here with me

I'm not the best at romance
I've had my chance
I don't want much
But I want you here with me

I want you here with me
Why can't you just see?
I want you here with me

I'm on the other side now
Please help me out
Catch the next plane
Because I want you here with me

Could I be out of my head?
Pronounced brain dead
I think with my heart
And I want you here with me

I want you here with me
Why can't you just see?
I want you here with me

I want you here with me
Why can't you just see?
I want you here with me
